NETWORK INFRASTRUCTURE (NETI)
IvyTech.edu/network-infrastructure

OVERVIEW
The Network Infrastructure (NETI) program develops and refines knowledge and practical skills in the design, installation, configuration, and secure administration of digital networks. NETI students work with industry-standard networking equipment and components, from routers and switches down to cabling, connectivity, and mounting. Students work through the Cisco Networking Academy official CCNA preparation curriculum, in addition to core or elective courses in infrastructure, wireless, voice, server administration and cybersecurity.

TWO-YEAR PROGRAM OPTIONS
ASSOCIATE OF APPLIED SCIENCE
(60 credit hours = 4 semesters)
The Associate of Applied Science (AAS) degree in Network Infrastructure will give you the knowledge and skills for career entry or advancement in a current job. Associate of Applied Science degree programs are two-year programs that prepare students for careers, career changes and career advancement. Students who need to take longer to complete the degree because of job or family obligations can take the program over a longer period of time. AAS programs may also prepare students for transfer to four-year institutions. These programs offer education in recognized technical areas and specialties with emphasis on analysis, synthesis and evaluation. The program content, which is approximately 30% general education and 70% professional/technical, provides depth and breadth in conceptual and professional/technical skills. The general education courses equip students with the problem solving, communications, scientific and mathematical skills to compete successfully in the job market. Professional/technical courses equip students with the skills to obtain employment and to advance in the workforce.

ONE-YEAR OR LESS PROGRAM OPTIONS
CERTIFICATES OFFERED
Routing and Switching (18 credit hours = 1-2 semesters)
TECHNICAL CERTIFICATES OFFERED
Network Infrastructure (33 credit hours = 2-3 semesters)

FEATURED CAREER OPTION
COMPUTER NETWORK ARCHITECT*
711 annual job openings**
$39.06/hour median salary in Indiana**
*Jobs require BS degree and above

EARN MORE AND IMPROVE YOUR SKILLS
If you want a good-paying job, you need to invest in your education. With an associate degree from Ivy Tech Community College, you’ll earn an average $8,000 more each year than you would with just a high school diploma. Over the course of your career, this has a tremendous impact on your earning power—a difference of up to $400,000. As a result, you’ll have the chance to explore opportunities that are well worth the time you’ll spend in class. Get started today. Call 888-IVY-LINE (888-489-5463) or visit IvyTech.edu/new-students.
